Superintendent's Highlights

With the commitment and support of the Caldwell community, we continued the authorization of the plant facility levy (5 years) and the annual supplemental levy. These levies and support allow us to provide the best possible education and support for our students.

We have continued our instructional efforts primarily in the areas of Language Arts, Mathematics, and Advanced Placement (secondary level). We have increased the number of Advanced Placement (AP) offerings. Students are required to take the AP examination as part of their class.

Mathematics has implemented their new textbook adoption and supplemented problem solving strategies.

Progress Towards Meeting District Goals

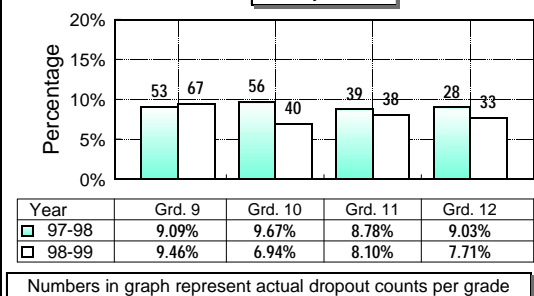

1998-99 Goals	Progress
The Caldwell School District expects all students to demonstrate a high level of student achievement regardless of their background environment.	Progress was made toward raising the level of achievement of all students and holding high expectations for us all.
The Board of Trustees, the administration and staff operate as a single team to foster mutual success.	There has been a greater sense of camaraderie and team within the school system, though much remains to be done.
To establish a culture of success, reinforcing the true achievements of all students.	Success and a culture of achievement is continuing to grow and flourish.
To encourage and support creative, proven approaches to curriculum with the flexibility to match instruction to each student's needs.	Curriculum approaches have been more flexible and creative as teachers are given the latitude to be innovative.
To celebrate success with the entire staff. Each staff member readily assumes responsibility for the accomplishments and progress of each and every student under their direction.	We are all more accountable and are enjoying the celebrations of our students success.
